**This program is a qualified high deductible health plan as defined by the Internal Revenue Service. It is intended for use with a health Savings Account (HSA).** This program should not be combined with any funding arrangement other than an HSA. With your PPO, or Preferred Provider Organization, if you receive services from a provider who is in the PPO network, you'll receive the highest level of benefits. If you receive services from a provider who is not in the PPO network, you'll receive the lower level of benefits. In either case, you coordinate your own care. **If you've enrolled as an individual, the deductible and out-of-pocket maximums for the "Employee Only Plan" apply. If you've enrolled as a family, the deductible and out-of-pocket maximums for the "Family Plan" apply, and can be satisfied by one or more of your family members.**

Certain benefits may be subject to day, visit, and/or hour limits. In connection with such benefits, all services received by a Member during a Benefit Period will reduce the remaining number of days, visits, and/or hours available under that benefit, regardless of whether the Member has satisfied his or her Deductible.

- ① State mandated minimum benefits may apply to a diagnosis of serious mental illness. (If the above grid does not show a limit, your mental health benefit days and visits are unlimited.)
- ② At a retail or mail order pharmacy, if your deductible has not been met, you pay the entire cost for your prescription drug at the discounted rate Highmark has negotiated. The amount you paid for your prescription will be applied to your deductible. If your deductible has been met, you will only pay any member coinsurance/copays required based on the benefit level indicated above. You will pay this amount at the pharmacy when you have your prescription filled.
